

A Peek at Next Week

March 16 - 20

LANGUAGE ARTS

with
Mrs. Olson

We will finish reading the book *Woodsong* and take the final assessment on Tuesday. To practice compare and contrast of a book and a film, they will watch the movie *Iron Will*. The last day for Bingo is Friday, March 20 - last day of the quarter!!

MATH

with
Mrs. Mostad

Next week we'll begin converting weights, capacities and geometric measurements. Most of these conversions will be review from 6th grade science class. We will also continue working on volume, area, and order or operations.

SCIENCE

with
Mr. Dooyema

We are now moving into Friction and Gravity pages 36-43. We completed a small lesson on Force p. 32-35. We are going to need some different types of tennis shoes (running, basketball, cross trainers) next week for a friction experiment.

SOCIAL STUDIES

with
Mr. Snyders

Next week, we will be finishing Chapter 12 and our look at the immigration floods into the Cities and the Iron Mines. We'll have an assessment on Tuesday. We'll begin Chapter 13, which focuses on the progressive changes that cities in Minnesota engaged in to solve problems that existed in the early 20th century, such as uncontrolled diseases (which works well, considering current events).

Upcoming Events:

Wed., Mar. 18
Spring Pictures

Fri., Mar. 20
End of 3rd Quarter

Mon., Mar. 23
Parent-Teacher
Conferences

Fri., Apr. 10
No School -
Good Friday

Planning Ahead

All 6th grade students will be participating in Track & Field Day on Friday, May 15. Each student will participate in two running events and two field events. Parents are invited to attend some or all of the events.
